

# JumpStart Program

Get your electronic monitoring program up and running today!

Our exclusive JumpStart Program was specifically designed to provide you with everything you need to get your new electronic monitoring program started right, including:

CHOOSE **5\*** OF EITHER

BLUtag® GPS Tracking Solution

OR

SoberTrack™ Alcohol Monitoring Solution

## TRAINING INCLUDED

Our highly experienced professional staff will provide the in-depth training you and your team will need to bring your program online as quickly as possible. Training includes:

- + Installation and removal of monitoring hardware
- + Using VeriTracks™, our secure, online electronic monitoring platform

## IMPLEMENTATION INCLUDED

Let us do the heavy lifting! Our professional staff will work directly with your staff to set-up your initial operational environment and protocols. In addition, we will handle the implementation and initial deployment of your selected monitoring hardware.

**SECURUS** Technologies™ | **MONITORINGSOLUTIONS**

\* Includes one additional unit for shelf at no charge.
